

HAWKE'S BAY WINERY GUIDE 2011

Come and discover the river valleys, terraces and hillsides of vineyards that produce the exceptional wines of Hawke's Bay and visit the cellar doors to find and taste what makes the region so sought after. Hawke's Bay is New Zealand's premium red wine producing region and the second largest wine region in the country.

Hawke's Bay's history shares its early winemaking successes and stories as the oldest wine region in New Zealand, and continues today with both classic wine styles and other experimental varieties new to the region that reflects the diversity on offer.

Careful vineyard site selection, skilled viticulture practices and the dedication of innovative winemakers craft Hawke's Bay's wines with the result a purity of New World fruit flavours combined with Old World complexity and elegance.

Merlot, Cabernet Sauvignon, Cabernet Franc and Malbec are the central red wine varieties that produce Hawke's Bay's finest blends in a synergy of art, science, sunshine and craftsmanship.

A small part of Hawke's Bay's production, but the most within New Zealand, Syrah is distinctively very special and adds beautifully to the region's premium red wine portfolio.

Chardonnay and Sauvignon Blanc are the key white wine varieties for Hawke's Bay offering styles to complement all tastes and palates, perfect for pairing with menus created with the region's natural produce. Complemented by Pinot Gris, Gewürztraminer, Riesling and Semillon, Hawke's Bay has a range of wines that showcase the region's potential and growth.

Whatever your wine preferences and wherever you are from, we welcome you to Hawke's Bay's world of wine. You too, will discover our world in your glass.
